Meyersdale Business Opportunities

As of March 2016

The Trail Town Program® aims to identify trail user needs and help fill service gaps in trail communities by providing market information, technical assistance, or financing to existing and potential businesses. This document identifies existing conditions related to trail services and what we see as opportunities. Those considering either an expansion or a new business should conduct their own market research and complete a business plan.

Potential Opportunities

Lodging

- Meyersdale hosts several options, but there is need for additional lodging. **B&Bs** are often the most common visited by trail users.
- There are also opportunities for **guest/vacation houses or a hostel** that could accommodate larger groups or those with a limited budget.

Recreational

- There is a need for a **bicycle rental and/or repair shop**.
- There is a need for a **recreational outfitter**. Retail opportunities exist for selling sporting, athletic, and nature-related goods in addition to cycling goods, such as for jogging, camping, bird-watching, and non-motorized watersports.

Food and Drink:

- Trail users would likely frequent an eatery that had **outdoor seating**. Fresh and healthy menu items that include vegetarian options; packed lunches for trail-side consumption; and locally grown and raised food items would be of particular interest.
- The **farm-to-table** movement provides tremendous potential. Other informal but specialized foods might be a gourmet burger, hot dog, or even a **bike-themed or trail-oriented cafe**.
- A small grocery store or stand-alone **bakery** that carries specialty foods may be a good business opportunity in downtown.
- Many restaurants are closed during the evening, weekends, or have limited hours. There is an **opportunity to adjust hours** to accommodate visitor traffic or be open when many other restaurants are closed.

Retail

- Unique retail, such as **specialty, artisan, or gift shops**, could appeal to both trail users and locals alike.
- Many retail locations are closed or have limited hours during the weekends and evenings. There is an **opportunity to adjust hours** to accommodate visitor traffic or be open when many other shops are closed.

Other Amenities

- In the region there is a need for **shuttle service** for people, bike, luggage, and equipment.
