Boston & McKeesport Business Opportunities As of August 2015

The Trail Town Program® aims to identify trail user needs and to fill service gaps in trail communities by providing market information, technical assistance, or financing to existing and potential businesses. This document identifies existing conditions related to trail services and what we see as opportunities. Those considering either an expansion or a new business should conduct their own market research and complete a business plan.

Potential Opportunities

Lodging

- Although both Boston and McKeesport are within close proximity to Homestead and Pittsburgh, additional lodging such as a **B&B, guest houses, or hostels** could fill the need for larger groups or the other outdoor recreation visitors.

Food and Drink

- While dining options are available in either community, trail users would likely frequent an eatery that had **outdoor seating**. Fresh and healthy menu items that include vegetarian options; packed lunches for trail-side consumption; and locally grown and raised food items would be of particular interest.
- The **farm-to-table** movement provides tremendous potential. Other informal but specialized foods might be a gourmet burger, hot dog, or ice cream shop, or even a **bike-themed or trail-oriented café**.
- There also could be potential for more **ethnic food options**, and higher end options, such as white linen dining.
- Many restaurants are closed during the evening, weekends, or have limited hours. There is an **opportunity to adjust hours** to accommodate visitor traffic or be open when many other restaurants are closed.
- There are no **coffee shops** in this area. Several other Trail Towns, including nearby West Newton, also lack a full service coffee shop.

Retail

- Unique retail such as **specialty, artisan, or other gift shops**, could appeal to both trail users and locals alike.
- Many retail locations are closed or have limited hours during the weekends and evenings. There is an **opportunity to adjust hours** to accommodate visitor traffic or be open when many other shops are closed.

Amenities

- In the region there is a need for **shuttle service** for people, bike, luggage, and equipment.
